

*1 minute before 12*

*Now time is almost gone  
and desperation at its worst  
makes us forget what really  
should come first.*

*But wait  
there must be  
a way somehow.*

*If you and I embrace  
all the Good in ourselves  
right now.*

*It still won't be too late  
to jointly choose a prosper fate.*

*Wishing you a healthy, happy  
and conjoint 2023.*
